Tips for easy orientation in the main faculty building (Aškerčeva 2):

(a) The name of the classroom consists of 3 digits > 1st digit = floor:
   1st digit 1 > in the 1st floor (e.g., 115)
   1st digit 2 > in the 2nd floor (e.g., 201)
   ...

(b) the first digit is 0 (one or two more digits follow): basement
   (e.g., 05)

(c) There is only 1 digit OR there are only 2 digits & the first one is not 0
   in the ground floor (e.g., 5 or 18)

(d) one digit, -Rim.’ (e.g., 1-Rim.) = entrance to the classroom from
    the courtyard behind the building

Lists of courses, which you will attend (based on your learning agreements); please DO let me know this/next week, if you plan to make any changes to your selection of courses.
!!! List of your courses in the e-system VIS

• You cannot edit this list yourself
• The secretary of our department will enter your courses at the Department of History into VIS (if you selected also courses at another department, contact the coordinator/secretary of that department)
• Please do not worry, I will forward the final list of courses to our secretary next Friday, so that she can enter the final selection of courses of all incoming students into VIS at the same time in early March
CAN YOU STILL CHANGE YOUR SELECTION OF COURSES?

- Soon after the beginning of the semester changes to your learning agreements possible, this or next week:

  - ERASMUS+ STUDENTS: please fill in the form "Changes to the original Learning agreement" which you can find here: http://www.ff.uni-lj.si/an/internationalOffice/forms. Print it yourself or we can print it at the faculty during my office hours.
  
When you know, which subject will replace the previously selected one, I also need to sign the changed learning agreement.

  - OTHER MOBILITY PROGRAMMES: please visit the international office at the faculty level and ask, which kind of a form you are expected to fill in to change your learning agreement. It depends then on the form: in some cases my signature is needed, in some others, my signature is not required.

Anyway, please make sure that your home faculty will recognize the ECTS points which you will bring home from the new course.
Visit your professors *this/next week* *during their office hours* & ask them:

- what *your tasks* in the frame of a certain course in the summer semester are (exam/seminar),
- which *literature* you are expected to study,
- will the lectures/seminar be held in English/in Slovenian:
  - in Slovenian > professor will be available for individual consultations with you, but you will not attend regular meetings with Slovenian students,
  - in English > do your best to attend the lectures/seminar,
- when your exam will be scheduled/what is the deadline to submit the seminar,
- how you will inform the professor one week before the exam that your previously agreed exam date will really be your exam date (via Student Information System (VIS) or via e-mail).
